HOW YOU CAN HELP

During this time we are asking everyone who calls North Naples Church their home to help by doing their part. An important aspect of being able to regather for worship is each one of us doing our part. Let's work together to stay healthy.

Masks and temperature checks will be required to ensure the safety of all participants

If you do not feel well, have potentially been exposed to COVID-19 or have traveled to a hot spot, as determined by the State of Florida, we ask that you please stay home and join us online at nnchurch.org

Guests will only enter the Sanctuary after passing through the Temperature Check Stations and exit only when the Ushers release pew by pew

Congregational singing is discouraged

Please wash your hands and use hand sanitizer often

Maintain a safe distance of six or more feet between your party & others

Please follow the instructions given by the Pastoral Staff, Safety Team and Ushers. Ushers will determine participants' seating location and will dismiss each pew accordingly. When exiting the Sanctuary, we ask you to please refrain from congregating in the Narthex or Breezeway to ensure proper social distancing

Please respect the personal health decisions of others

HOW WE WILL HELP

In order to provide the safest environment possible, North Naples Church has introduced the following procedures for corporate worship.

Masks and temperature checks will be required of staff and volunteers

Greeters, ushers, safety and parking teams will have no physical contact with each other or any guests with the exception of emergency situations

Self-contained communion cups will be available as you enter the Sanctuary and offering plates will be located at the exits

The weekly bulletin and prayer card will be available electronically

Facilities team will be cleaning and sterilizing all pews, bathrooms and touch points after each service to ensure everything is safe for incoming guests

All doors will be open; guests will not need to touch any door handles

Ushers will manage a defined traffic pattern for the flow of movement entering and exiting the Sanctuary

Every other row will be utilized to help with social distancing
